👤 PROFILE

I'm a results-driven frontend developer with a passion for creating smooth, responsive, and visually appealing websites. I have strong experience with modern frameworks like Angular and hands-on skills with AWS services. I enjoy turning complex ideas into user-friendly and scalable web solutions. Whether it's building clean landing pages or dynamic web apps, I focus on delivering digital experiences that are both creative and reliable.

👛 PROFESSIONAL EXPERIENCE

present
Takoradi, Ghana

Amalitech

AWS Cloud Practioner - Intern

- Demonstrated strong understanding of core AWS services, pricing models, and shared responsibility model.
- Created and managed EC2 instances, configured security groups, auto scaling group and monitored instance health.
- Assisted in designing and documenting cloud architectures following AWS Well-Architected Framework.
- Set up S3 buckets for storage and configured access policies using IAM.

2023 – 2024
Takoradi, Ghana

Amalitech

Frontend Developer

- Reduced page load times by 40% through performance optimization techniques such as code splitting, lazy loading, and image optimization, resulting in faster and more efficient web applications.
- Actively participated in Agile ceremonies, contributing to sprint planning, code reviews, and collaborative problem-solving.
- Assisted in building reusable components and libraries for internal and client projects, accelerating the development process.
- Conducted thorough testing and debugging, resulting in a 30% reduction in reported bugs and enhancing overall product stability and user satisfaction

2021 – 2023
Takoradi, Ghana

Afrolynk

Fontend Developer

- Collaborated with a cross-functional team of 5 people to enhance UI components.
- Led the optimization of existing code, reducing page load times by 30%, and enhancing accessibility standards.
- Worked closely with designers to implement pixel-perfect designs and improve usability and aesthetics
