PROFILE

A result-oriented front-end developer passionate about creating seamless, responsive, and visually stunning web experiences. With expertise in modern frameworks like Angular and React, I specialize in turning complex ideas into user-focused designs that bring brands to life. From sleek landing pages to dynamic web apps, I thrive on crafting creative, scalable solutions that make digital interactions impactful and delightful. Let's build something amazing together!

AWS Cloud Practioner
present

Amalitech
Frontend Developer
2023 – 2024 | Takoradi, Ghana
• Reduced page load times by 40% through performance optimization techniques such as code splitting, lazy loading, and image optimization, resulting in faster and more efficient web applications.
• Actively participated in Agile ceremonies, contributing to sprint planning, code reviews, and collaborative problem-solving. • Assisted in building reusable components and libraries for internal and client projects, accelerating the development process.
• Conducted thorough testing and debugging, resulting in a 30% reduction in reported bugs and enhancing overall product stability and user satisfaction

Afrolynk
Fontend Developer
2021 – 2023 | Takoradi, Ghana
• Collaborated with a cross-functional team of 5 people to enhance UI components. • Led the optimization of existing code, reducing page load times by 30%, and enhancing accessibility standards.
 • Worked closely with designers to implement pixel-perfect designs and improve usability and aesthetics
